Service Specification

Introduction

ACSESS will set up and maintain a Committee Volunteer System for NAPB.

Services offered

Set up an interface in which NAPB members can volunteer to join one of the committees listed below. For the interface after an NAPB member logs into the website, they can go to a website where ~~there~~ contact information fills in automatically (because they are logged in), they then pick from the below committees they are interested in (and they have option to select multiple committees), and whether or not they are seeking a leadership role in that committee. Once this information is provided, it would be emailed to the exec committee and kept in our database for export if needed.

*their
